Subject:

Notice of Termination for Industrial Stormwater Permit coverage for the closed landfill.

Background/Alternatives:

The City's landfill had been covered under General Permit #WYR001241 for Storm Water Discharges Associated with Industrial Activities under the Wyoming Pollutant Discharge Elimination System. DEQ has reissued the Industrial Stormwater General Permit, and has determined that the landfill is no longer required to have coverage. The Transfer Station has recently been granted coverage under the new Industrial Stormwater General Permit (WYR001596). This Notice of Termination will close out the old stormwater permit for the landfill, which will continue to be monitored under the terms of the Closure Permit.

NOTICE of TERMINATION
for facilities covered under the
Industrial or Mineral Mining
General Permit

<p><i>Official Use Only</i> Date received:</p>

Use this form to terminate coverage under the Industrial General Permit (WYR00-0000) or Mineral Mining General Permit (WYR32-0000) for storm water. Do **not** use this form to transfer coverage to another operator.

3. Facility Information:

Facility Name:	Green River Sanitary #1 Landfill
Facility County(ies)	Sweetwater
Facility Location. Provide the location as either section, township, and range OR a street address OR latitude and longitude.	
NWNW Section 3 (Lot 8), Township 17 North, Range 107 West Lat: 41.4794 Long: -109.474	

4. Basis for Termination:

<p>Describe the reason(s) for requesting termination of coverage. Have operations ceased or changed and the facility no longer requires a permit to discharge storm water associated with industrial or mineral mining activity? See the respective general permits for conditions of termination. <i>Note: If you intend to transfer your permit authorization to another party, please use the Notice of Transfer and Acceptance (NOTA) available at http://deq.wyoming.gov/wqd/storm-water-permitting/ or by calling 307-777-7781.</i></p>	<p>The landfills for which coverage had been obtained have been closed in accordance with the requirements of the Wyoming Department of Environmental Quality. The completion of closure activities was approved by DEQ on September 3, 2019.</p> <p>Continuing inspections and monitoring of the landfill site will be conducted in accordance with the terms of the site closure permit issued by the Solid and Hazardous Waste Division.</p>

5. Certification:

I certify under penalty of law that no storm water discharges associated with industrial activity (including mineral mining activity) remain at the facility described above. (Storm water discharges associated with industrial activity are defined in the general permits.) Or,

Industrial permit coverage only. Storm water discharges from an oil and gas exploration, production, processing, treatment or transmission facility that required coverage under the industrial general permit pursuant to Part 1.3.8 of the permit now meet the conditions for termination of coverage found in Part 5.1.3.

I understand that by submitting this notice I am terminating coverage under Wyoming's Industrial General Permit or Mineral Mining General Permit. I also understand that if, at a later date, it is determined that the site did not, in fact, meet the conditions for termination in Part 5 of either permit, I may be liable for discharging pollutants without a permit.

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.
